

CAPABILITY STATEMENT

Turning African opportunity into investable strategy.

Africa-focused investment advisory for investors, companies, governments and development partners. We clarify market opportunity, map the institutions a decision depends on, identify credible partners and support practical execution.

OUR WORKING METHOD

Four lenses, applied in order.

01

Market

Is the opportunity real?
Demand, competition, costs
and commercial logic.

02

Institutions

Who has to say yes?
Approvals, incentives,
regulators and promotion
channels.

03

Partners

Who do you need beside you?
Operators, public
counterparts, financiers and
associations.

04

Execution

What actually gets it built?
Sequencing, land, permits,
people and practical delivery.

ADVISORY SERVICES

Built around the decision in front of you.

- Investment strategy and opportunity assessment
- Market intelligence and sector research
- Market-entry strategy
- Investor facilitation
- Investment-climate reform
- Policy and institutional advisory
- Partnership and stakeholder alignment
- Rapporteur, moderation and conference services

REGIONAL DEPTH

East Africa at the core. Africa in view.

The practice is grounded in East African markets and the institutions that shape investment across the region. Continent-wide comparisons are taken on where regional choice is the decision.

SECTOR PERSPECTIVES

Agriculture & agro-processing

Infrastructure

Energy

Manufacturing

Tourism & hospitality

Trade & financial services

LEAD CONSULTANT

Robert Bwire

An investment strategist and researcher whose work sits where market opportunity meets the institutions that govern it. Robert previously served as Head of Strategy and Research at the Kenya Investment Authority.

ENGAGEMENT FORMATS

- A focused research question
- A defined advisory assignment
- A sustained advisory relationship
- An institutional or conference brief

SELECTED EXPERIENCE

COMESA Regional Investment Agency

Rapporteur for the National Investment Promotion Agencies Annual Meeting, Nairobi, 22-23 March 2022.

Renaissance Development Advisors / DFID BERF

Consulting services connected to programmes designed to initiate, improve and scale investment-climate reform.

Kenya Investment Authority

Former Head of Strategy and Research, bringing national investment-promotion experience to commercial advisory work.
